Independent Auditor's Report

## INDEPENDENT AUDITOR'S REPORT

The Board of Trustees  
Community and Family Services International, Inc.

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of Community and Family Services International, Inc. (the Organization) [a nonstock, nonprofit organization], which comprise the statements of assets, liabilities and fund balances as at December 31, 2019 and 2018, and the statements of revenues and expenses, statements of changes in fund balances and statements of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the assets, liabilities and fund balances of the Organization as at December 31, 2019 and 2018 and its revenues and expenses and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standard for Small and Medium-sized Entities (PFRS for SMEs).

#### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Organization in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS for SMEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Organization's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Report on the Supplementary Information Required Under Revenue Regulations 15-2010**

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010 in Note 19 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of Community and Family Services International, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

# COMMUNITY AND FAMILY SERVICES INTERNATIONAL, INC.

(A Nonstock, Nonprofit Organization)

## NOTES TO FINANCIAL STATEMENTS

---

### 1. General Information

#### Organization Information

Community and Family Services International, Inc. (CFSI) is a nonstock, nonprofit, humanitarian organization, committed to peace and social development, with a particular interest in the psychosocial dimension. Established in the Philippines in 1981, CFSI was incorporated in 1982, with registration number 105084. On February 5, 2018, the SEC granted CFSI a new Certificate of Registration, number CN201800559. That provided, among others, (a) the same primary purpose and corporate name; (b) the use of two trade names—Community and Family Services International (CFSI) and CFSI; and (c) a new corporate life of fifty (50) years.

The registered office address of CFSI is at 8F Gam Parklane Building, 212 EDSA Extension, Brgy. 79, Pasay City.

The mission of CFSI is to vigorously protect and promote human security—specifically, the lives, well-being, and dignity of people uprooted by persecution, armed conflict, disasters, and other exceptionally difficult circumstances. These include refugees, internally displaced persons (IDPs), disaster survivors, and others who are vulnerable, exploited or abused.

CFSI carries out its mission through direct services, capacity building, research, and advocacy. Most of these activities are carried out in the Asia and Pacific Region, particularly those countries that comprise the Association of South East Asian Nations (ASEAN).

CFSI has “Special Consultative Status” with the United Nations Economic and Social Council (ECOSOC). This status was first achieved in 2004 and has been sustained.

In December 2018, CFSI was certified for the fourth consecutive time by the Philippine Council for NGO Certification (PCNC) for another five years, the maximum years of accreditation that PCNC provides. PCNC endorsed CFSI to the Philippine Government’s Bureau of Internal Revenue (BIR), recommending CFSI be granted “Donee Institution” status in accordance with the provisions of Revenue Regulations No. 13-98 and Executive Order No. 720. The BIR issued CFSI’s Certificate of Registration as a “Donee Institution” on March 14, 2019.

CFSI, as a not-for-profit organization operating exclusively for charitable purposes and the promotion of social welfare, falls under Section 30 (e) and (g) of the National Internal Revenue Code, as amended by Republic Act (RA) No. 8424, where income from activities in pursuit of the purpose for which CFSI was organized, is exempt from income tax. However, any income on its properties, real or personal, or from any activity conducted for profit is subject to income tax.

CFSI is governed by a Board of Trustees (BOT). Its operations are funded primarily by United Nations (UN) agencies, the World Bank, governments, and the private sector.

The accompanying financial statements of CFSI were approved and authorized for issuance by the Audit and Finance Committee (AFC) of CFSI on May 4, 2020 in accordance with the authority granted to the AFC by the BOT.

### Programme Funds of CFSI

In order to effectively carry out CFSI's mission, CFSI established the following programme funds: (1) Philippine Programme, (2) Myanmar Programme, (3) Viet Nam Programme, and (4) Headquarters Programme.

Details of these programs are discussed as follows:

### **Philippine Programme**

The Philippine Programme includes funds for humanitarian and development activities carried out in the Philippines, usually in the social welfare, education, and health arenas, often with a focus on local capacity strengthening. The primary sources of these funds are United Nations agencies; multilateral development banks such as the World Bank; Governments, usually through their development agencies; and the private sector.

### United Nations Agencies

#### *A. Funds from United Nations Agencies for Projects with Nationwide Coverage*

In 1981, the Philippines ratified the 1951 Convention Relating to the Status of Refugees - the first country in Asia to do so and, for many years, the only one. In 2011, the Philippines also ratified the 1954 Convention Relating to the Status of Stateless Persons. The United Nations High Commissioner for Refugees (UNHCR) has the global mandate to protect and assist refugees and stateless persons. CFSI has been a partner of UNHCR in the Philippines since 1982.

Philippines UNHCR Fund - Urban Refugee Project (URP). This represents funds received from the UNHCR to implement the URP for urban refugees and stateless persons from more than 48 countries and territories who are granted asylum in the Philippines. CFSI is responsible for helping these refugees and stateless persons achieve durable solutions, as well as providing them with legal assistance, social services, psychosocial support, and access to health services, including where necessary, tertiary care. For many of the refugees, the most likely durable solution is local integration in the Philippines, ideally leading to naturalization. CFSI has entered into annual project agreements with UNHCR for this purpose since 1997 and is expected to continue to do so at least through December 31, 2020. Under the terms of these agreements, funds that are not used within the project period, as well as specific assets provided for in the agreements, are returned to UNHCR.

The URP includes the protection and assistance of refugees in transit, under special circumstances, to other countries, usually within six months of arrival in the Philippines via the Emergency Transit Mechanism (ETM). CFSI is responsible for providing the refugees with safe accommodation, basic services, legal assistance, social services, psychosocial support, and access to health services, including tertiary care. The overall aim of this mechanism is to facilitate the effective and timely resettlement of the refugees. This component of the URP began in 2009 and is expanding. At present, it is expected to continue at least through December 31, 2020.

#### *B. Funds from United Nations Agencies for Projects in Mindanao*

Recurrent armed conflicts in Mindanao displaced more than 930,000 persons in 2000, 440,000 persons in 2003, and 745,000 persons in 2008. In September 2013, armed conflict erupted in Zamboanga City that displaced about 130,000 people.

On May 23, 2017, armed conflict erupted in Marawi City between the Armed Forces of the Philippines (AFP) and the "Maute Group", which is reportedly inspired by Islamic State of Iraq and Syria (ISIS). By July 2017, approximately 400,000 residents of Marawi City and nearby municipalities had been displaced.

In October 2019, a series of three major earthquakes devastated the province of North Cotabato, affecting 262,000 individuals and damaging 38,000 homes.

CFSI began its response to humanitarian emergencies in Mindanao in mid-2000 and has committed to remain engaged in Mindanao through at least December 2024, and probably much longer. Generally, the situation in the conflict-affected areas has improved, resulting from peace talks between the Government and armed non-state actors. However, the Marawi crisis, violent extremism, and sporadic displacement owing to conflict and clan violence remain causes for concern in Mindanao.

In addition, CFSI has responded and will continue to respond to large-scale, displacement in various parts of Central, Northern, Western and Eastern Mindanao owing to natural or man-made disasters.

1. Mindanao United Nations Children's Fund (UNICEF) - Psychosocial Support in Emergencies Project (PSEP) aimed to address the psychosocial and developmental needs of children affected by the conflict in Marawi City—those who were staying in evacuation centers and were temporarily “house-based”, meaning accommodated by relatives and friends, many of whom were ill-equipped for such responsibility. The approach of the project was to strengthen local capacities to provide psychosocial support and educational interventions for the affected children. The project started in June 2017 and was completed in October of the same year.

The second phase of the project (PSEP/2) was approved for implementation in March 2018 with a duration of ten months. By the end of the project in January 2019, 3,500 children and adolescents in evacuation sites, resettlement sites, and barangays where IDPs have returned were provided with psycho-social support (PSS) interventions in child-friendly spaces (CFS). Fifty community-based Child Development Workers and Barangay Focal Points were also capacitated on PSS interventions, Child Protection, and gender-based violence (GBV) reporting and referral pathways.

Mindanao UNICEF - Fresh Start Project (FSP). The main objective of the FSP was to contribute to the prevention of (re) association of disengaged and at-risk children with armed groups through equitable access to existing social services and child protection support. The outputs of the project are: (1) the development of capacities among Local Government Unit (LGU) social workers and Moro Islamic Liberation Front (MILF) para-social workers from the Social Welfare Committee of the MILF to undertake/support family-based case management, referral, psychosocial support services and parenting support interventions; (2) the improvement of the life skills of disengaged/at-risk children, parental skills of caregivers, as well as their access to existing social welfare programmes, child protection support, birth registration, education, vocational training, health and other services through family-based case management; and (3) regular generation of information on the status and progress of the case management of disengaged/at-risk children and their parent/caregivers. In support of these initiatives, activities for religious leaders of the MILF, including the development of child protection and child rights-centered sermon guides, were also implemented. The project started in October 2017 and was completed in January 2019.

The second phase of the project (FSP/2) was approved for implementation on March 1, 2019 and has focused mainly on direct service in: (1) addressing the educational needs of enrolled disengaged children that are below 18 years old; (2) continuation of psychosocial and life skills training for children in need of such services; and (3) provision of cash grants to all families of disengaged children. The FSP/2 is expected to continue through March 2020.

In September 2019, a polio outbreak was declared in the Philippines after two confined polio cases in Davao and Metro Manila. Leveraging on its existing presence in the province of Lanao del Sur including Marawi City, CFSI received additional funding under FSP/2 for social mobilization in line with the polio immunization campaign of the Department of Health. In October 2019, CFSI deployed 256 social mobilizers to facilitate awareness raising sessions and home visits in preparation for mass polio immunization for children aged 0 to 59 months.

Mindanao UNICEF – Community Engagement for Children Project (CECP). The CECP enabled CFSI to carry out community dialogues in three municipalities in Lanao del Sur, Bangsamoro Autonomous Region in Muslim Mindanao (BARMM), with particular focus to achieve the following aims: (1) to better ascertain the true Child Protection situation on the ground; (2) to assess the existing local government systems, processes, and services, as well as their suitability in responding to identified Child Protection concerns; and (3) to come up with recommendations on how to strengthen the link between and among LGUs to better respond to the needs of children, adolescents, and youth. These dialogues, implemented in 17 LGUs by five different civil service organizations, one of which is CFSI, serve as an essential component for the Government-UNICEF Peacebuilding and Normalization programme, prepared in consultation with the MILF. The project started in January and ended in May 2019.

Mindanao UNICEF – Child Protection in Emergencies Project (CPERP). The CPERP aims that girls and boys affected by the series of earthquakes that hit North Cotabato from October to December 2019 have access to child protection services and enjoy their rights in a protective environment. Starting in November 2019, the project supports 6,000 families in the five municipalities in the province, through strengthening community-based mental health and psychosocial support programmes until May 2020.

2. Mindanao UNHCR Fund - Mindanao Protection Project (MPP). This represents funds received from UNHCR, to address the immediate protection needs of people affected by armed conflict and to facilitate the rapid integration and rehabilitation of IDPs and returnees in eight municipalities in the provinces of Maguindanao, Lanao del Sur, Lanao del Norte, Basilan and Sulu from January through December 2018. This includes the implementation of quick impact projects (QIPs) and protection monitoring trainings.

The MPP builds on the earlier work of CFSI with IDPs and returnees in Central and Northern Mindanao that started in 2014, people in 12 municipalities in the provinces of Maguindanao, North Cotabato, Lanao del Norte and Lanao del Sur beginning in 2016, and 82 more incidents of displacements recorded in 2017 in these four provinces plus the island provinces of Basilan in Sulu.

Through the protection profiling efforts, the number of displacement incidents decreased by 13% from 83 in 2017 to 65 in 2018. Further, in 2018, 11 QIPs in 8 barangays served 1,435 families, and 9,415 IDP beneficiaries were assisted with Core Relief Items (CRIs).

The intervention in the provinces of Maguindanao, Lanao del Sur and Lanao del Norte continued through 2019, where a total of 12,286 families benefited from QIPs and CRIs. This number includes displaced families affected by the earthquakes in North Cotabato on October 2019. The MPP is expected to continue through at least December 2020 and will expand to include the provinces of Basilan and North Cotabato.

3. Mindanao World Food Programme (WFP) – Assistance Distribution Monitoring Project (ADMP). In April 2019, CFSI had entered a partnership agreement with the WFP to conduct monitoring activities for 1,000 recipients of cash/food assistance distribution in the provinces of Maguindanao, Lanao del Sur, and Sulu. The project ran for two months and was completed in June 2019.

In November 2019, the second phase of the ADMP (ADMP/2) commenced to continue the monitoring activities for three more months and to cover more beneficiaries – with 3,949 individuals in five municipalities—as well as recipients of the school feeding program in 30 elementary schools in Maguindanao. The ADMP/2 is expected to end in February 2020.

Mindanao World Food Programme (WFP) – SCOPE Registration Activity (SRA). This amount represents the funds received from WFP for the SCOPE Registration Activity (SRA) conducted by CFSI from October to December 2019. CFSI successfully reached 20,166 students and their parents in 48 schools located in conflict-affected areas in Maguindanao for the Biometric Registration.

### *C. Funds from United Nations Agencies for Projects in Metro Manila*

1. Metro Manila UNICEF - ASRH Project. Since 2002, CFSI has been actively promoting efforts to protect and assist vulnerable children and youth in exceptionally difficult circumstances in the Park Avenue area of highly urbanized Pasay City, Metro Manila, where CFSI Headquarters is located. The children and youth are vulnerable to exploitation, prostitution, trafficking, and the drug trade. In response, CFSI launched the Park Avenue Initiative (PAI) to mobilize the community and other stakeholders for child protection, youth development, and opportunity creation. Over the years, PAI has established several projects with a variety of partners.

In 2012, CFSI undertook research on the reproductive health (RH) practices of young people in four barangays. The research aimed to determine the level of RH knowledge, attitude and practices of respondents, to identify the RH services in the selected barangays and to determine the effectiveness of the existing RH interventions. Findings and recommendations from the research led to two partners agreeing to fund RH services in the Park Avenue area.

In July 2017, CFSI and UNICEF entered into the ASRH project to enhance and improve knowledge, access and availability of services for youth and young adults in 10 barangays in Pasay City. The project aspires to: (1) promote the Convention on the Rights of the Child, Convention on the Elimination of All Forms of Discrimination Against Women, and the Responsible Parenthood and Reproductive Health Act of 2012; (2) prevent and/or reduce incidents of gender-based violence and violence against women, sexually transmitted infections and Human Immunodeficiency Virus (HIV) infections, and teenage pregnancies; (3) address psychosocial issues of young key population (YKP); and (4) provide to YKPs referrals and access to services and programmes. The project was completed in December 2018.

2. Metro Manila UNICEF – Child Protection Area of Responsibility Helpdesk (CP AoR Helpdesk). In May 2018, CFSI and the UNICEF Geneva Office of Emergency Programmes entered into a Small-Scale Funding Agreement (SSFA) for the establishment of the CP AoR English Helpdesk, in line with the decentralization of the Global CP AoR Helpdesk. The Helpdesk extends guidance and capacity to local actors in different regions that use the English language. This will allow local actors to have increased access to information to more effectively contribute to regional and global initiatives, consultations and policy. The

SSFA ran through April 2019. A Programme Cooperation Agreement was signed in March 2019, to extend the project through December 2019. Through its run, the CP AoR Helpdesk served requests from 18 countries in Africa and Asia.

### Multilateral Development Banks

#### *D. Funds from Multilateral Development Banks for Projects in Mindanao*

1. Mindanao World Bank - Mindanao Trust Fund - Reconstruction and Development Project Phase II (MTF-RDP/2). This represents funds received from the International Bank for Reconstruction and Development (i.e. the World Bank) for the implementation of the multi-donor Mindanao Trust Fund (MTF) as a mechanism for pooling and channeling resources from development partners/international donors, as well as the GPH, that would support transitional assistance, in the form of grants, for post conflict reconstruction and development in the conflict-affected areas in Mindanao was established. CFSI was selected in late 2005 to serve as Trust Fund Recipient (TFR) of this multi-donor funded initiative. CFSI's responsibilities as TFR include financial management, supporting programme management, providing capacity building services as well as operational support, and generally facilitating the implementation of approved sub-projects.

From December 2005 to June 2017, MTF financed the operations of the MTF-Reconstruction and Development Program (RDP). MTF-RDP initially focused on establishing the organizational set-up and capacity building needs of the Bangsamoro Development Agency (BDA), and building relationships with LGUs as well as stakeholders for the planning, implementation, and management of the socio-economic development projects in conflict-affected areas of Mindanao.

The 11-year MTF-RDP responded well to the ups and downs of the peace process by adopting shifts in its program strategic directions. From 2009, much of MTF-RDP activities were devoted to intensifying peace building efforts and delivering socio-economic assistance to conflict-affected communities. With the signing of the Framework Agreement on Bangsamoro (FAB), the MTF-RDP, on top of the regular socio-economic assistance activities, also supported expanded measures, specifically Joint GPH-MILF development initiatives such as the formulation and publication of the Bangsamoro Development Plan (BDP) and the Sajahatra Bangsamoro. In 2015, the activities of MTF-RDP focused on confidence-building measures in conflict-affected communities. It is within this confidence-building measures, that MTF-RDP piloted activities in the six (6) previously acknowledged MILF camps, in 2016-2017.

In July 2016, the Philippine Government made peace and development in Mindanao a top government priority, as reflected in the 2017-2022 Philippine Development Plan. In addition, the government announced a Six-Point Roadmap and a Strategic Framework for Mindanao Peace and Development, including the full implementation of the 2014 Comprehensive Agreement on the Bangsamoro (CAB) with the MILF as a central element of the government's plan.

The centerpiece of the CAB is the establishment of a new autonomous political entity, known as the Bangsamoro, to replace the existing Autonomous Region in Muslim Mindanao (ARMM). A joint Government-MILF-Moro National Liberation Front (MNLF) Bangsamoro Transition Commission submitted on July 17, 2018 a new draft enabling law for submission to the Philippine Congress to create the Bangsamoro. To keep the momentum in MILF communities while the government puts in place a longer-term new financing facility, the

government and the donors of the MTF facility agreed to extend the MTF facility and to finance among others access to basic socio-economic services and institutional capacity building in conflict-affected communities.

The MTF-RDP/2 proposed activities would support elements of the implementation of the CAB commitments to intensify socio-economic development in conflict-affected areas, including transforming the six (6) previously acknowledged MILF camps into peaceful and productive communities as a confidence-building measure to underpin the peace process as progress continues on the political track. Support for the anticipated transition to the Bangsamoro will be carried out through (1) capacity building interventions in the ranks of the MILF and other groups on development planning, budgeting, and delivery of basic services to the poor; and (2) socio-economic development in the six (6) previously acknowledged MILF Camps is expected to provide access to basic services for the remote communities.

The Grant Agreement amounting to US\$3,200,000, and covered two grant numbers, was signed in April 2018 between CFSI and the World Bank for the MTF-RDP/2. In August 2019, CFSI and the World Bank signed an amended Grant Agreement where the World Bank granted CFSI with the amount of US\$1,780,000 as additional financing to support further activities related to the project. The details as of December 31, 2019 follow:

	US\$ Amount	Equivalent In Philippine Peso
Grant TF0A7280	\$2,650,000	₱132,500,000
Grant TF0A7281	550,000	27,500,000
Grant TF0B0821	1,780,000	89,000,000
Total Grant Agreement	\$4,980,000	₱249,000,000

The original closing date of the Grant Agreements TF047280 and TF0A7281 was February 28, 2019 and later moved by the World Bank to August 31, 2019. The closing date was further extended to coincide with the amended Grant Agreement (TF0B0821) to December 31, 2020.

In April 2018, CFSI signed a project partnership agreement with the BDA to support its operations in the implementation of the MTF-RDP/2. As of December 2019, 71 personnel from the BDA and 30 Joint Task Force on Camps Transformation (JTFACT) have been capacitated to carry out strategic roles in governance and camp transformation. Moreover, the project has so far served 42,321 individuals or 8,432 households through the implementation of 29 sub-projects in 20 barangays of 19 municipalities. A total of 1,613 ALS learners have also completed the education program under the MTF-RDP/2. With the amended Grant Agreement, a new Programme Partnership Agreement (PPA) was signed by CFSI and BDA through December 2020.

2. The Voices of the MAA Project (VMP) was designed to respond to developments involving the plight of approximately 55,000 IDPs or 11,000 families from the Most Affected Area (MAA)—formerly known as Ground Zero or Main Battle Area—of Marawi City. The project between CFSI and the World Bank aimed to support the Task Force Bangon Marawi (TFBM), a Government entity tasked to oversee and implement early recovery, reconstruction and rehabilitation of Marawi City. This included social preparation of IDPs to make informed decisions about participation in home-visits to the MAA, or “Kambisita”, and provide psychosocial support before, during and after participation in Kambisita. Focus

group discussions were also conducted with key stakeholders of Marawi to inform the finalization of the plans for the rehabilitation and reconstruction of the MAA. The project started in May and was completed in October 2018.

### Governments

#### *E. Funds from Governments for Projects in Mindanao*

1. Mindanao Department of Foreign Affairs and Trade (DFAT) - Marawi Recovery Project (MRP). The security, peacebuilding, humanitarian, and development implications of the situation in Marawi warranted an immediate and sustained response by the Australian Government. Building on the lessons learned from the Zamboanga Recovery Project (ZRP), an earlier project between CFSI and DFAT, the MRP promotes protection and psychosocial and economic recovery of at least 4,000 households (20,000 persons), thereby enabling an improved quality of life, the strengthening of relations between peoples, and greater prospects for peace. These outcomes are expected, to at least some extent help counter or prevent violent extremism. The project is informed by the experience and expertise of the Food and Agriculture Organisation of the United Nations (FAO), which serves as a partner for the project, along with the governments of Marawi City and Lanao del Sur. The implementation is from October 2017 to December 2019.

In April 2019, an amendment for additional grant funding was signed that extends the project implementation for two more years and expands the areas of coverage and target project beneficiaries with an additional 1,500 households, for a total 6,500 households (32,500 persons) to benefit from the MRP. Among the additional beneficiaries are 900 families of disengaged children who were identified in the FSP to be residing within the identified project sites. With this amendment, the project is expected to be completed by December 2021.

2. Mindanao Spanish Development Cooperation in the Philippines (AECID) - Supporting Access to Basic Services and Building Institutional Capacity in Conflict-affected Communities in Mindanao. The project complements the activities of the MTF-RDP Phase II (MTF-RDP/2) covered by a separate Grant Agreement between CFSI and the World Bank. The Grant from AECID was finalized in December 2017, while the funds were received in late January 2018. The implementation period, originally scheduled for 15 months beginning January 2018, was extended with the approval of AECID and was completed on August 2019.

The project intended to contribute to sustaining the gains of the Bangsamoro Peace Process by supporting access to basic services and building institutional capacity in conflict-affected communities in Mindanao. As the project complemented the activities of the MTF-RDP/2, financed by MTF and administered by the World Bank, the MTF-RDP/2-AECID adopted the same financial, procurement and safeguard mechanisms and framework used for MTF-RDP/2. By the end of the project, six socio-economic infrastructures were successfully developed and are being benefited by 17,400 individuals.

3. Mindanao European Union (EU) – Sama Bajau Capacity Strengthening Project (SBCSP). The Sama Bajaus, known as sea dwellers of Zamboanga, are among the five groups reported by UNHCR who are at risk of statelessness and are confronted by severe protection issues. Banking on the research findings from the Sama Bajau Protection Project (SBPP), the project between CFSI and UNHCR, and the experiences from ZRP, CFSI implemented the Sama Bajau Capacity Strengthening Project (SBCSP) through funding support from the EU. The SBCSP contributed to the protection of 300 Sama Bajau families (1,500 individuals) against

statelessness through four components, namely: (1) awareness sessions on human rights; (2) birth registration and access to social protection services; (3) adoption of environmentally sustainable livelihood; and (4) skills development on reading, writing, and numeracy. The funds were received in January 2019 with implementation through December 2019.

4. Mindanao Embassy of Switzerland in the Philippines - Building on the Fresh Start Project (BFSP). This amount represents the additional support secured by CFSI in support of the Fresh Start Project (FSP), a project funded by UNICEF that helps contribute to the prevention of (re) association of disengaged and at-risk children with armed groups through equitable access to existing social services and child protection support. The grant enabled CFSI to address the need for cash for school-related expenses, specifically transportation, meals and water, of the families of disengaged children. The funds were received in December 2018 and implemented until February 2019.

Mindanao Embassy of Switzerland – Para-Social Workers Training Project (PSWTP). The opportunity takes off from the BFSP to further strengthen the capacities of Para-Social Workers from the MILF Social Work Committee (SWC) led to the implementation of the Para-Social Workers Training Project, made possible by the funding support from the Swiss Embassy. The grant enabled CFSI and the MILF-SWC to refine the para-social workers curriculum and training manual initially designed in the BFSP, conduct a pilot-test with 103 participants in three locations, and conduct a training of trainers for 15 individuals. The project began in March 2019 and was completed in August 2019.

#### Private Sector

Private Sector Funds represents funds received from the private sector in the Philippines and in other countries, including foundations, corporations, academic institutions, religious institutions, community groups, and individuals, for CFSI projects and activities in the Philippines. Most of these funds are restricted and can only be used for specific projects or activities. Those who provided major grants are described below, while others are simply listed.

#### *F. Funds from the Private Sector for Projects in Mindanao*

1. Mindanao Stichting BRAC International (BRAC) - Basic Education Project (BEP). In April 2012, BRAC and CFSI began working together on the Alternative Delivery Mechanism component of the Basic Education Assistance for Mindanao in the Autonomous Region in Muslim Mindanao (BEAM-ARMM) Program in selected municipalities and provinces of ARMM. The project, known at CFSI as BEP, is supported with funds from AusAID/DFAT to BRAC to CFSI. The BEP is a subset of the larger DFAT-funded project managed by BRAC. The BEP is designed to enable communities without access to basic education to establish preschools and elementary schools utilizing BRAC's model, called the Alternative Delivery Mechanism (ADM). CFSI is responsible for operations in 17 municipalities located in conflict-affected areas in the provinces of Lanao del Sur and Maguindanao which includes the establishment and construction of classrooms in some of the most isolated villages. Through the efforts of 173 community-based Learning Facilitators, engaged and trained by CFSI in accordance with BRAC guidelines, a total of 7,859 children have thus far benefited from the project. The first phase of the BEP covered the period from April 2012 to June 2015. The second phase of the project covers the period from July 2015 to June 2017. The transition phase of the project started in June 2017 and was completed in May 2018.

2. Mindanao Indigenous Youth Livelihood Project Phase 2 (IYLP/2). In December 2015, CFSI received donations from a family of private donors from the Philippines. The donated funding was originally intended for the educational needs of children at Inug-ug Elementary School in Pagalungan, Maguindanao in Mindanao, but eventually led to the establishment of the Indigenous Youth Livelihood Project in two barangays in Datu Odin Sinsuat and South Upi, Maguindanao. By January 2017, 66 youth were provided with training, coaching and funds to establish livelihood projects to benefit their families. In addition, two livelihood and learning centers were constructed—one in each community.

In February 2017, one of the donors, plus her husband—also a Filipino—visited both project sites of the IYLP. Pleased with what they saw and learned from the youth, their parents and local government officials, they subsequently donated ₱2,000,000 for the replication of the IYLP – known internally to CFSI as IYLP/2 – in two additional barangays in Datu Odin Sinsuat and Datu Saudi Ampatuan in Maguindanao. The project started in June 2017 and was completed in March 2018.

3. Mindanao Road Network Development Project (RNDP). In October 2017, CFSI and CTI Engineering International Co., Ltd. (CTI Engineering) entered into an agreement to undertake an Indigenous People (IP) survey to understand the socio-economic conditions of the IP communities within the immediate influence areas of four road projects in the conflict-affected areas in ARMM. Japan International Cooperation Agency (JICA) awarded CTI Engineering with two other firms for the study which would lead to the preparation of an IP plan. The project started in October 2017 and was completed in March 2018.
4. Mindanao Harmony Learning Center for Marawi City Project (HLCMP). The siblings who donated to the IYLP in 2016 and 2017 for barangays in Maguindanao also donated for those affected by the emergency in Marawi City. Through their donation of ₱2,000,000, two parent-led Harmony Learning Centers in two barangays in Marawi City were established to provide children with access to educational services and facilities that will promote their healthy well-being. Selected parent beneficiaries were also capacitated with life skills for their family's subsistence. The project started in December 2017 and was completed in September 2018.
5. Mindanao Consuelo Foundation for Marawi City. Consuelo Foundation agreed to fund the “Adolescent Support Project (ASP)” to promote psychosocial well-being of adolescent boys and girls who were adversely affected by the armed conflict brought about by the Marawi crisis. The support included the distribution of dignity kits, the repair and reactivation of selected recreational facilities and health corners in schools and an awareness campaign on issues related to ASRH development. The project started in December 2017 and was completed in February 2018.
6. Mindanao Palladium International – Basic Education Project Phase 2 (BEP/2) or the Accessible and Contextually Appropriate Elementary Education System (AcCESs). Banking on its previous engagement with BRAC as implementing partner of the BEP, CFSI is carrying out the AcCESs for 341 Grade V students from five municipalities in Lanao del Sur, BARMM to reduce disparity and improve participation and education performance. The project, known at CFSI as BEP/2, is supported with funds from AusAID/DFAT to Palladium International to CFSI. ADM Learning Facilitators from the BRAC Projects are engaged and provided with monthly refresher trainings. Educational services are being supported by the BEP/2 with conducive learning spaces, school supplies, and teaching materials. The project started in June 2019 and will run through July 2020.

7. Mindanao Educo Philippines – Sama Bajau Education Support Project (SBESP). In September 2019, CFSI received funding support from Educo Philippines to implement the SBESP. Following the success of the SBCSP, the SBESP aim is to improve literacy and employability of male and female Sama Bajau adolescents and young adults through facilitating their access to ALS and appropriate technical and vocational (techvoc) skills training. The first phase of the project started in September 2019 with implementation through December 2020. The second phase is expected to focus on increasing employability through techvoc and life skills training opportunities.
8. Mindanao Emergency Response (ER). Other stakeholders contributed more broadly to CFSI’s emergency response efforts, including various donors around the world who contributed for the first time. This is in support to those affected by the crisis in Marawi City that started in May 2017 and by the devastating earthquakes in North Cotabato in October 2019, including the following:

<u>Donors in the Philippines</u>	<u>Donors Outside the Philippines</u>
Hands On Manila	Various individuals in the USA, Australia, and Europe
Philippine Communications Satellite Corporation	CFSI Board Members (based outside the Philippines)
Manulife Data Services, Inc.	
McKinsey & Co. Philippines	
Various individuals	
CFSI Board Members	

*G. Funds from the Private Sector for Projects in Metro Manila*

CFSI has been actively promoting efforts to protect and assist vulnerable children and youth in exceptionally difficult circumstances in the Park Avenue in Pasay City, Metro Manila since 2002. Over the years, the PAI has established several projects with a variety of partners, including UNICEF and those summarized below.

1. Metro Manila PNGOC - PAI. Philippine NGO Council on Population Health & Welfare Inc. (PNGOC) provided funds to CFSI to conduct life skills for youth in Pasay City, and to conduct training on proxy consent for social workers. The trainings were conducted between June and July 2018.

In support of field operations, CFSI provides partners with mission-related services at its various offices, including in Metro Manila. Services may include a range of administrative, programme, research, and advocacy efforts.

In June 2019, CFSI received additional funding from PNGOC to engage the Justice Access Learning Officer (JALO), lodged at the PAI, to assist persons living with HIV and key populations affected by HIV with legal and human rights concerns. At present, this engagement is to take effect at least until June 2020.

2. In this context, CFSI was contracted by BRAC to provide support services such as administrative, procurement, and logistical support services in Metro Manila for BRAC operations in the Philippines. In addition, CFSI provided office space for BRAC at CFSI Headquarters. The engagement started in July 2013 and ran through June 2018.

## **Myanmar Programme**

The Myanmar Programme includes funds from UNICEF, United Nations Population Fund (UNFPA) and the private sector, for CFSI activities in the Republic of the Union of Myanmar.

### United Nations Agencies

#### *H. Funds from United Nations Agencies for Projects in Rakhine State*

1. Myanmar UNICEF – Strengthening Child Protection Project (SCPP). In 2016, CFSI and UNICEF started formal collaboration through the SCPP. The SCPP aimed at ensuring that the rights and welfare of children in underserved areas of northern Rakhine are protected and promoted through an established, community-based child protection system. As such, CFSI conducted awareness-raising sessions and forums on child rights and child protection; trained and mobilized child protection groups, facilitated psychosocial activities and Myanmar language sessions in child friendly-spaces, engaged the adolescent groups on life skills and recreational activities, and provided case management services and referrals to children survivors of violence, abuse, neglect, and exploitation.

On August 25, 2017, militant armed groups simultaneously attacked Border Guard Police (BGP) posts in the northern townships of Rakhine (Maungdaw, Buthidaung, and Rathedaung) resulting in wide-scale crackdown operations by military and police forces in all villages. All humanitarian and development programme activities in these areas were suspended, and travel restrictions were imposed on national and international staff.

Originally for the completion of the project by December 2017, CFSI and UNICEF later agreed on a no-cost extension of the project through January 2018 in order to continue critical interventions in low profile manner. However, the humanitarian crises in northern townships of Rakhine State continue through the early months of 2018; thus, for the period February to June 2018, UNICEF provided another grant to CFSI through the Central Emergency Response Fund (CERF). In July 2018, CFSI and UNICEF agreed to extend this collaboration for another 12 months, from July 2018 to June 2019. In March 2019, CFSI and UNICEF reached another agreement to extend the project to at least June 2020.

In 2019, CFSI was able to reach 20,225 individuals through awareness-raising activities on child protection issues including prevention of risky migration, child trafficking, six grave violations against children, mine risk education undertaken by community-based child protection groups, adolescent groups, and parents groups. In the same year, 8,376 children received life-saving psychosocial services and support; and engaged in recreational activities in safe community spaces for socializing, play, and learning in 123 child friendly spaces spread across 55 village tracts in three northern townships of Rakhine State.

Myanmar UNICEF – Schools and Communities Water and Sanitation Hygiene Project (SC-WASH). In March 2019, CFSI and UNICEF agreed to implement the SC-WASH Project to address the identified difficulties and needs concerning water and sanitation and hygiene (WASH) for communities and schools in 26 village tracts carefully selected and prioritized from the 45 it serves under the SCPP. The SC-WASH seeks not only to address the WASH

needs of target groups, but also to complement CFSI and UNICEF's education and child protection services in these locations. From March to December 2019, the SC-WASH has provided 23,275 individuals with hygiene items as well as information on hygiene promotion. The thirty units of hand pumps were rehabilitated or installed in communities and schools. Over 280 individuals have been capacitated on WASH. The project was originally expected to conclude in March 2020, but management expects this will further be extended.

Myanmar UNICEF – Support to Education Project for Out-of-School Children in northern townships of Rakhine State (STEP-OOSC). During the last quarter of 2018, CFSI staff and community-based groups conducted field surveys on Out-of-School Children (OOSC) from 20 different school locations and found that 6,786 children are out-of-school. It was also reported that the Rakhine State has some of the poorest education performance nationally. Given this background, CFSI and UNICEF had undertaken the STEP-OOSC, which supports the Ministry of Education (MoE) initiative on “Going to School Together.” The project seeks to assist 2,000 OOSC with their needs for continuous education and to provide safe and conducive spaces for learning. The project further aims to assist at least 1,000 out of-school adolescents through life skills activities and alternative learning modes. The project started on October 2019 and will run through until September 2020.

As only 15 out of 20 village tracts covered by the STEP-OOSC are also being covered by WASH and Child Protection services of CFSI and UNICEF, there is a vision in the future to conduct activities on Child Protection for the remaining five village tracts.

2. Myanmar UNFPA Fund – Sexual and Reproductive Health Project (SRHP). In January 2018, CFSI and UNFPA forged an agreement to implement the SRHP with fund support from CERF. SRHP generally aims to improve access to life-saving women's wellness information and services (sexual and reproductive health, gender-based violence, mental health and psychosocial) in four village tracts/communities affected by violence and disasters in Maungdaw, Buthidaung, and Rathedaung Townships of Rakhine State. The success and initial impact of the SRHP for women and girls in the four village tracts of the three townships during the first year of its implementation from January to December 2018 prompted an extension for year two in 2019. Within the period of January 2018 to December 2019, SRHP was able to reach 22,158 women and men, and adolescent girls and boys in covered locations through various activities. These activities include trainings, education awareness sessions, information sharing thru IEC materials by Peer Educators, Dignity Kit awareness session, Clean Delivery Kit awareness session, PSS and PFA support sessions, and participation in significant activities (i.e. International Women's Day; 16 Days Activism). Thirty CFSI staff and 123 community-based Peer Educators were trained and mobilized accordingly—for information sharing and awareness sessions.

In January 2020, CFSI and UNFPA entered into another agreement for year three of SRHP (currently dubbed as Gender, Sexual and Reproductive Health Rights, and Mental Health and Psychosocial Integrated Project or GSMIP) with implementation beginning in January and running through at least December 2020.

### Private Sector

#### *I. Funds from the Private Sector for Projects in Rakhine State*

1. Myanmar Early Childhood Development Project (ECDP) - Lemmon Foundation. Between 2015 through 2017, the US-based Lemmon Foundation supported the early childhood development activities of internally displaced pre-school age children in the IDP areas in Rathedaung Township, Rakhine State.

In early 2018, CFSI provided inputs to the Department of Social Welfare (DSW) in Sittwe, on the observed and expressed psychosocial needs of children and teachers affected by this humanitarian crisis, which is even more severe than that of 2012. Continued dialogue resulted in an agreement to provide training for Community Teachers on an agreed Early Childhood Education (ECE) Curriculum, as well as for CFSI and DSW to work together on materials development. It was also agreed that CFSI would provide teaching and learning materials in support to the ten (10) newly established ECE Centers in the townships of Maungdaw, Buthidaung, and Rathedaung. Thus, in June 2018, with fund support from the Lemmon Foundation, CFSI and DSW conducted the training for 30 Community Teachers and provided teaching and learning materials for 10 ECE Centers.

In June 2019, CFSI and DSW in Sittwe conducted a joint field visit to Maungdaw where they identified one more village, Shwe Zarr, where CFSI established the ECE Center in September 2019. Two Community Teachers supported by one parent, were mobilized to facilitate learning activities and feeding sessions for forty young boys and girls from Rakhine, Muslim, and Hindu communities. The project is expected to be completed in March 2020.

2. Myanmar Humanitarian Response Project (HRP). In 2018, the American Jewish World Service (AJWS) and CFSI started the Humanitarian Response Project (HRP) covering seven village tracts in three northern townships of Rakhine State; namely Maungdaw (3 village tracts), Buthidaung (3 village tracts), and Rathedaung (1 village tract).

HRP built on the support provided by AJWS for CFSI staff who, for fear of their lives and welfare, fled Rakhine State for Bangladesh between late August and early September 2017. HRP allowed CFSI to reach the most disadvantaged, vulnerable, crisis-affected persons in northern Rakhine State; strengthened CFSI's remote management in support to the national staff team that works under very difficult conditions in three townships in northern Rakhine State; and enabled CFSI to more effectively support and grow its operations in Myanmar.

Through community-based Outreach Workers, HRP enabled CFSI to monitor the situation and humanitarian needs of highly vulnerable populations in areas not covered by other CFSI services (i.e. child protection and sexual and reproductive health). Aware and mindful of the protection environment, conflict sensitivities, and personal safety, Outreach Workers identified humanitarian issues and needs, reported, and monitored the situation in their assigned areas discreetly. At least 700 individuals directly benefitted from this project.

The HRP was implemented from July 2018 through June 2019.

#### J. *Social Work Education Project (SWEP) Myanmar Fund*

The combination of CFSI's long experience in Myanmar, the highly successful implementation of SWEP-Mindanao and SWEP-Viet Nam, the commitment of ASEAN member states to advance social work education at both the national and regional levels, and Myanmar's desire to rapidly develop social work as a profession in aid of social protection, led to the creation of SWEP-Myanmar.

CFSI and the Ministry of Social Welfare, Relief and Resettlement (MSWRR) signed in February 2016 a Memorandum of Understanding (MOU) to strengthen and further develop human resources in social work to the benefit of disadvantaged, vulnerable and crisis-affected populations in Myanmar. This four-year initiative calls for CFSI to provide training in Yangon, as well as assistance in Nay Pyi Taw and allows for "learning-while-doing" opportunities in Rakhine and Kachin states. In 2017, CFSI, with funding support from Resources for Health

Equity (RHE), conducted a five-day training on Social Work with Crisis-Affected Communities at the Social Welfare Training School in Yangon in December 2017. A total of sixty DSW representatives participated in the said training.

The lessons learned from these interventions—scholarships, exchange visits, international meeting participation, joint field missions, and in-country workshops—are informing the scaling up of SWEP- Myanmar. The Social Work Online Project (SWOP) is envisaged to be one of the several steps forward for this initiative. In March 2019, CFSI received funding grant from RHE to introduce 25 MSWRR officers to relevant online learning platforms and products that can be used to develop knowledge and skills in social work in humanitarian action within the broader MSWRR community. The schedule to conduct the introductory training is in February 2020.

### **Viet Nam Programme**

The Viet Nam Programme includes funds for social development activities carried out in Viet Nam, specifically activities designed to strengthen the capacity of service providers to protect and assist disadvantaged and vulnerable populations. These efforts built on social work training and related services carried out by CFSI in Viet Nam from 1992 until 2005, as well as the Social Work Education Project (SWEP) carried out in Mindanao from 2006 to 2014.

Viet Nam (VN) Atlantic SWEP Fund. This represents funds from The Atlantic Philanthropies for the Social Work Education Project in Viet Nam amounting to \$1,860,000. The project aimed to better protect and assist disadvantaged and vulnerable populations in Viet Nam by strengthening and further developing human resources in social work.

SWEP Viet Nam included three major components: (1) executive education in social work administration for 320 managers of social protection centers, followed by a Master of Science in Social Work (MSSW) Programme for at least 212 graduates of the executive education programme; (2) training of at least 500 social workers and related professionals who provide social services at the community level; and (3) advanced education in social work for social work educators/practitioners. The project started in October 2010 and was completed in December 2017 without requiring additional funds.

In the context of SWEP-Viet Nam, CFSI signed, in 2011, separate agreements with the following partners: Ministry of Labour, Invalids, and Social Affairs (MOLISA), University of Labour and Social Affairs (ULSA), Center for Social Work and Community Development and Consultancy (SDRC), and Women Central Training School (WCTS)—now the Viet Nam Women's Academy (VWA)—all in Viet Nam; and in the Philippines, the Asian Social Institute (ASI). Funds from the project go to each partner for specific services, as specified in separate agreements.

Similarly, in the context of SWEP-VN, CFSI signed in August 2014, a Memorandum of Understanding to implement a Master of Science in Social Work (MSSW) Programme with the following partners: MOLISA, ASI, and the Graduate Academy in Social Sciences (GASS) in Viet Nam. Funds from the project supported the academic activities of ASI for the first cohort of MSSW students. The first cohort, composed of 111 managers, has completed the programme and received their diplomas from GASS in November 2016. The same cohort received their diplomas from ASI in May 2017. The second cohort of 94 managers started their course in November 2015 and has completed the programme and received their diplomas from GASS in November 2017. The second cohort received their diplomas from ASI in May 2018. Funding for the academic activities of ASI for the first and second cohorts, composed of a total of 205 managers, costed roughly \$69,500 and was funded by the Vietnamese Government's MOLISA. This total amount was transferred to the account of CFSI, which administers SWEP Viet Nam.

On October 25, 2017, CFSI and MOLISA signed a new MOU for SWEP Viet Nam Phase 2 which covers the period from the date of the signing to December 31, 2022. The purpose of this extended cooperation is to further strengthen and develop human resources in social work, ultimately leading to greater protection and more effective assistance for disadvantaged and vulnerable population in Viet Nam.

At least 700 additional managers of Social Assistance Centers are expected to earn Certificates in Social Work Administration over the next five years. At least 300 of these managers—all graduates of the Executive Education Programme—shall have the opportunity to earn a master's degree in social work from one or more accredited schools of social work in Viet Nam, Philippines and/or other countries.

### **Headquarters Programme**

The Headquarters Programme includes funds for the overall management of CFSI, special initiatives, immediate responses to humanitarian emergencies, staff retirement benefits, mission-related social enterprises and the sustainability of CFSI. The sources of these funds are support from partner organizations, grants, donations and fund-raising initiatives undertaken by CFSI.

K. *Headquarters Fund.* This represents operational support from agreements entered into by CFSI and contributions from the private sector, both in the Philippines and abroad. The latter includes both restricted and unrestricted grants from supporting organizations; contributions from community groups; donations from concerned individuals, Board Members, and Staff, as well as gifts from those who wish to remain anonymous. These contributions are intended to finance counterpart costs, development costs, the costs of the general and administrative services of CFSI Headquarters, special initiatives and other needs. Those who provided major grants are as follows:

1. Partridge Foundation (USA) - provided \$960,000 between 2007 and 2013 for general support for CFSI Headquarters, in the form of annual installments of \$160,000, for the purpose of enhancing CFSI's capacity to: (1) generate resources towards long-term sustainability; (2) properly manage, as well as publicly account for, funds given to CFSI; and (3) manage the rapidly expanding Philippine Programme. In June 2012, CFSI received the last installment for the six-year grant period, which ended on June 30, 2013.

In October 2011, the Partridge Foundation approved a second grant amounting to \$1,000,000. This grant had the same purpose, terms and conditions as the first and covered the period July 2013 through 2019. The only difference is the annual installment is \$167,000, with \$165,000 for the last year. This grant gave CFSI a significant and strategic advantage vis-à-vis achieving long-term organizational sustainability. In June 2018, CFSI received the sixth and last installment for the six-year grant period.

Sadly, the founder and primary benefactor of the Partridge Foundation passed away in 2016. In July 2017, the Partridge Foundation merged with the Woodcock Foundation, which had the same founder and identical boards. The surviving foundation—the Woodcock Foundation—assumed the commitments of the Partridge Foundation and all of the grants of the Partridge Foundation became grants of the Woodcock Foundation.

2. Starr International Foundation (Switzerland) - provided in 2016 a grant of \$500,000 (or ₱25,000,000) to purchase, equip and furnish a permanent home and furnishing for CFSI Headquarters. After an extensive search for suitable property and intensive negotiations, the contract for the purchase of the entire eighth floor of the newly constructed Gam Building, 212 EDSA Extension, Brgy. 79, Pasay City (see Note 6) was finalized for \$398,500

(or ₱19,925,000). The rest of the grant was used for equipment and furniture for the new office. CFSI Headquarters transferred to its new premises in the Gam Building in the third quarter of 2018.

3. Other donors who provided support for CFSI Headquarters in 2019 and 2018 are listed in the table below:

<u>Donors in the Philippines</u>	<u>Donors Outside the Philippines</u>
Various individuals	Resources for Health Equity
CFSI Board Members	Leesburg Community Baptist Church (USA)
CFSI Staff Members	Various individuals based in the USA, Australia, and Europe
	CFSI Board Members (based outside the Philippines)
	CFSI Staff Members (based outside the Philippines)

- L. *Social Work Education Project (SWEP) Mindanao Fund.* This represents funds provided by Deutsche Gesellschaft Fur Internationale Zusammenarbeit (GIZ), previously known as Deutscher Entwicklungsdienst (DED), or German Development Service, the Nef Foundation, and the Consuelo Foundation to cover the operational expenses of the SWEP Mindanao. Other donors to the SWEP Mindanao included the Women's Commission for Refugee Women and Children, the Brownington Foundation, the Bulls Head Foundation, the Johnson Foundation, and various individuals. The SWEP Mindanao was a special educational initiative between CFSI, the Catholic University of America (CUA), the BDA, Cotabato City State Polytechnic College (CCSPC), Mindanao State University (MSU) at Marawi City, and Western Mindanao State University (WMSU) at Zamboanga City. CUA kindly agreed to waive tuition charges for SWEP students, representing an in-kind contribution valued at more than US\$1,760,000.

The aim of the SWEP Mindanao was to strengthen social work education and build leadership capacity for reconstruction and development in the conflict-affected areas of Mindanao. The project involved providing social work education at the graduate degree level in Cotabato City, Mindanao for professional social workers from the conflict-affected areas in Mindanao. Between 2006 through 2012, a total of 100 social workers received their MTSW degrees from CUA. The required post-graduation field service requirements were completed in 2014. In 2017, CFSI completed one of several evaluation processes on the outcomes of SWEP-Mindanao.

- M. *Social Work Education Project (SWEP) Asia Fund.* With the success of the SWEP in Mindanao, Philippines and in Viet Nam, CFSI is establishing other SWEP initiatives in other countries in Asia. Whilst in their early stages of development, these are known collectively as SWEP Asia.

Under SWEP Asia, financial support has been provided to various individuals for scholarships and for participation in workshops.

- N. *Center for Excellence in Humanitarian Service (CEHS) Fund.* This consisted mainly of funds received from the Embassy of Japan (EOJ) through the Japan-Bangsamoro Initiative for Reconstruction and Development (J-BIRD) for the construction of CFSI's Center for Excellence in Humanitarian Service (CEHS). The CEHS, constructed in Cotabato City in 2009, includes facilities for training, meetings and research in humanitarian assistance; accommodations for training participants; and an office in support of CFSI operations in the conflict-affected areas of Mindanao. These human resource development initiatives aim to achieve greater participation at

the community level and, therefore, more effective programmes and services to the direct benefit of people affected by armed conflict and disaster in Mindanao and, ideally, other parts of Asia. The CEHS was completed in February 2009 and serves as the home for the SWEP Mindanao. Many other training activities carried out by CFSI are held in CEHS. It is located on the CFSI property in Rosary Heights IV, Cotabato City and is fully operational.

Other partners who contributed to the cost of constructing and equipping the CEHS include the Bahay ni Angelo King Foundation, Gregorio Araneta Social Development Foundation, A.Y. Foundation, W. S. Family Foundation, The Atlantic Philanthropies Director/Employees Designated Gift Fund, various individuals in the Philippines, United States and Hong Kong, CFSI Board Members and CFSI Staff Members. In 2012, additional funds were donated in honor of the late Maria Mabilangan Haley, a longtime friend and supporter of CFSI.

Throughout 2019, the CEHS continued to serve as the venue for training workshops, seminars, and meetings in accordance with the mission of CFSI.

### Summary of Project Funding Grants

The table below summarizes the funds for humanitarian and development activities of CFSI that are covered with project agreements. The term of these project agreements covers 2019. Funds for most of these projects were received in 2019.

	Paragraph Reference in Note 1	Term of Grants	Amount of Grants  <i>(a)</i>	Total Funds Received			Movements of Grants after December 31, 2019

Total in Euro			€1,130,000	€1,117,000	€–	€1,117,000	€–	€13,000	€–
Total in Philippine peso			₱141,707,894	₱57,186,724	₱63,229,936	₱120,416,660	₱531,529	₱20,759,705	₱1,414,705
Grand total in peso			₱862,632,850	₱381,357,605	₱268,653,898	₱650,011,503	₱2,966,330	₱209,481,717	₱1,612,205

The amount of Php650,011,503 represents the total amount of funds received from primary sources as at December 31, 2019, which includes grants committed before 2019.

\*Returned to UNHCR in February 2020 after the acceptance of the 2019 completion report.

\*\*Returned to UNICEF before December 31, 2019.

## 2. Basis of Preparation, Statement of Compliance and Summary of Significant Accounting Policies

### Basis of Preparation

The financial statements have been prepared on a historical basis. The financial statements are presented in Philippine Peso, CFSI's functional currency. All amounts are rounded to the nearest peso.

### Statement of Compliance

The financial statements have been prepared in accordance with Philippine Financial Reporting Standard for Small and medium-sized Entities (PFRS for SMEs).

### Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year.

### Cash

Cash includes cash on hand and in banks.

### Property and Equipment

Property and equipment, except for land, are carried at historical cost less accumulated depreciation and impairment losses, if any. Land is stated at cost less impairment in value, if any.

The initial cost of property and equipment consists of its purchase price and any directly attributable cost of bringing the property and equipment to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are normally charged against income in the year such costs are incurred.

In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property and equipment.

Depreciation is computed using the straight-line method over the following estimated useful lives of the property and equipment:

Asset Type	Number of Years
Buildings and improvements	20
Transportation equipment	5
Furniture and fixtures	5
Communication equipment	5
Office and other equipment	5

The useful lives and depreciation method of the property and equipment are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting date.

Fully depreciated assets are retained in the accounts until they are no longer in use and no further depreciation is charged to current operations.

When assets are sold or retired, the cost and the related accumulated depreciation and any impairment in value are eliminated from the accounts and any gain or loss resulting from their disposal is credited to or charged against the statement of revenues and expenses.

#### Computer Software

Computer software is carried at cost less accumulated amortization and any impairment in value. The computer software is amortized on a straight-line basis over its estimated useful life of three years.

Computer software is classified as an intangible asset if the software is not an integral part of the related hardware. If the specific software is an integral part of the related hardware, it is treated as property and equipment.

#### Asset Impairment

At each reporting date, property and equipment and computer software are reviewed to determine whether there is any indication that assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognized for the asset (or group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

#### Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses are obligations on the basis of normal credit terms and do not bear interest.

#### Retirement Benefits

CFSI has an unfunded, noncontributory, defined benefit retirement plan covering all of its regular employees. The obligation and costs of retirement benefits are actuarially computed by a professionally qualified independent actuary using projected unit credit method. Actuarial gains and losses are charged or credited to profit or loss in the period in which they arise.

#### Fund Balances

The amount included in fund balances includes accumulated excess of revenues over expenses reduced by funds returned to funding agencies/partners and other adjustments. Funds to be returned to the funding agencies/partners are recognized as a liability and deducted from fund balances in accordance with specific provisions of the contract related to the funds. Fund balances may also include effect of changes in accounting policy as may be required by the transitional provisions of new accounting standards and interpretations.

#### Revenue

Revenue is recognized to the extent that it is probable that the economic benefits will flow to CFSI and the revenue can be measured reliably.

*Grants, Donations, Support and Contributions.* Grants, donations, support and contributions are recognized when the donor conditions are satisfied which generally coincide with the receipt of the grants, donations, support and contributions.

*Mission-Related Social Enterprise Activities.* Activities are recognized when revenues are received for services rendered through the social enterprise activities of CFSI, the first being the CEHS in Cotabato City, Mindanao, Philippines.

*Interest Income.* Interest income is recognized as the interest accrues, taking into account the effective yield of the asset.

#### Costs and Expenses

Costs and expenses are decreases in economic benefits during the accounting period in the form of outflows or decrease of assets or incurrence of liabilities that result in decreases in fund balance. Costs and expenses are recognized in the statement of revenues and expenses in the year these are incurred.

#### Operating Lease

Operating lease payments are recognized as expense in the statement of revenues and expenses on a straight-line basis over the lease term.

#### Foreign Currency-denominated Transactions

Foreign currency-denominated transactions are recorded in Philippine Peso by applying to the foreign currency amount the exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are restated using the closing exchange rate at the reporting date. Exchange differences arising on the settlement and restatement of monetary items at rates different from those at which they were initially recorded during the year are recognized in the statement of revenues and expenses in the year such difference arises.

#### Provisions

Provisions, if any, are recognized when CFSI has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### Contingencies

Contingent liabilities are not recognized in the financial statements. These are disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but disclosed in the notes to financial statements when an inflow of economic benefit is probable.

#### Events After the Reporting Period

Post year-end events that provide additional information about CFSI's assets and liabilities at reporting period (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

---

### **3. Significant Accounting Judgments, Estimates and Assumptions**

The preparation of the financial statements in accordance with PFRS for SMEs requires CFSI to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and disclosure of contingent assets and liabilities, at the end of the reporting period. However, uncertainty about these estimates and assumptions could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future years.

#### Judgments

In the process of applying CFSI's accounting policies, management has made the following judgments, which has the most significant effect on the amounts recognized in the financial statements.

*Determination of Functional Currency.* Based on the economic substance of the underlying circumstances relevant to CFSI, the functional currency of CFSI has been determined to be the Philippine Peso. The Philippine Peso is the currency of the primary economic environment in which CFSI operates. It is the currency that mainly influences the revenues and expenses.

*Revenue.* CFSI assesses its revenue arrangements against specific criteria in order to determine if it is acting as principal or agent. CFSI has concluded that it is acting as principal in all of its revenue arrangements.

*Operating Lease Commitment - Organization as Lessee.* CFSI has entered into a lease agreement as a lessee (see Note 17). CFSI has determined that it does not retain all the significant risks and rewards of ownership of the property which are leased out in an operating lease agreement.

#### Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. CFSI based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments however, may change due to market changes or circumstances arising beyond the control of CFSI. Such changes are reflected in the assumptions when they occur.

*Useful Lives of Property and Equipment and Computer Software.* CFSI estimates the useful lives of property and equipment and computer software based on the period over which the assets are expected to be available for use. The estimated useful lives of these assets are reviewed at each financial year-end and updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of these assets. In addition, the estimation of the useful lives of these assets are based on the collective assessment of industry practice, internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by the changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances.

The carrying values of property and equipment amounted to ₱25,965,990 and ₱28,272,091 as at December 31, 2019 and 2018, respectively (see Note 6). The carrying value of computer software amounted to ₱4,047 and ₱23,579 as at December 31, 2019 and 2018, respectively (see Note 8).

*Impairment of Property and Equipment and Computer Software.* CFSI's management conducts an impairment review of its property and equipment and computer software when certain impairment indicators are present. This requires CFSI's management to make estimates and assumptions of the future cash flows expected to be generated from the continued use and ultimate disposition of such assets and the appropriate discount rate to determine the recoverable value of the assets. Future events could cause CFSI to conclude that these assets are impaired. Any resulting impairment loss could have a material adverse impact on CFSI's financial condition and results of operations.

Based on the assessment of CFSI, the property and equipment and computer software do not have any indication of impairment as at December 31, 2019 and 2018.

*Retirement Benefits.* The determination of the liability and retirement cost is dependent on the selection of certain assumptions by management. Those assumptions used in the calculation of retirement cost are described in Note 15 to the financial statements.

Retirement liability amounted to ₱13,131,650 and ₱8,090,239 as at December 31, 2019 and 2018, respectively (see Note 15).

#### 4. Cash

	2019	2018
Cash on hand:		
Restricted	<b>₱426,351</b>	₱167,072
Unrestricted	<b>55,000</b>	30,133
	<b>481,351</b>	197,205
Cash in banks:		
Restricted	<b>114,732,095</b>	186,171,522
Unrestricted	<b>3,267,727</b>	5,234,861
	<b>117,999,822</b>	191,406,383
	<b>₱118,481,173</b>	₱191,603,588

Restricted cash includes funds the use of which is restricted to specific purposes bound by contracted agreements. Unrestricted cash includes funds that are not subject to restrictions imposed by the donor. In late December 2019, field offices in Mindanao were advised to increase their restricted cash on hand. This was to ensure delivery of services during the long year-end holidays, in case of possible earthquakes, that have been occurring since November 2019. The cash were kept in the office safe and were deposited back to the bank in the first quarter of 2020.

Interest income earned from cash in banks amounted to ₱711,425 and ₱559,205 in 2019 and 2018, respectively.

#### 5. Other Current Assets

	2019	2018
Project advances:		
Due from Bangsamoro Development Agency (BDA)	<b>₱2,816,115</b>	₱3,315,350
Operations	<b>3,435,306</b>	2,391,542
Other agencies	<b>278,865</b>	739,329
	<b>₱6,530,286</b>	₱6,446,221

Project advances to BDA include unliquidated operational funds under the MTF-RDP/2. These funds are covered under the PPA as at December 31, 2019. The PPA is covered under the Grant Agreements with the World Bank.

Advances for operations represent amounts advanced for the field activities of various projects, including FSP/2, CPERP, MTF-RDP/2, MRP, SCPP, SWOP, SRHP and STEP-OOSC. These project advances were subsequently liquidated in the next financial year.

Advances to other agencies include reimbursable expenses from the Social Security System for maternity and health benefits advanced to staff and the advance rental made for the Field Office in Kidapawan City. These are expected to be recovered in 2020.

## 6. Property and Equipment

	2019						Total
	Land	Buildings and Improvements	Transportation Equipment	Furniture and Fixtures	Communication Equipment	Office and Other Equipment	
<b>Cost</b>

Land includes: (a) 1,000 square meter lot in Cotabato City, Mindanao, Philippines purchased in 2006 from funds raised by CFSI, and (b) two lots totaling 529 square meters in Rizal, Luzon, Philippines donated by a member of the BOT in 2008. The property in Cotabato City includes a previously existing building, which is currently used as the office of CFSI, and the CEHS. The investment in land is intended for the long-term financial sustainability of CFSI and to enable CFSI to pursue its mission well into the future. In February 2015, upon the recommendation of the donor, the BOT authorized management to sell the property in Rizal. The property will be put up for sale in 2020.

In September 2017, CFSI signed a contract to purchase, for \$398,500 (or P19,925,000), the entire 8<sup>th</sup> floor – comprised of two condominium units – at Gam Parklane Building, 212 EDSA Extension, Brgy. 79, Pasay City to serve as the permanent home of CFSI Headquarters. A down payment amounting to \$290,000 (or P14,500,000) was made in the same year. In 2018, remaining payments for \$60,000 (or P3,000,000) was paid and \$48,500 (or P2,425,000) will be made after fulfillment of certain conditions by the seller. The Starr International Foundation provided the funds for the purchase. CFSI started to occupy the new office space in August 2018.

There were additions in 2019 and 2018 of computers, furniture and fixtures and office and other equipment purchased through various project funds. Headquarters purchased furniture and equipment for its new office. UNHCR also donated a vehicle for use in Mindanao operations. Also, the renovations of the CFSI Operations Center in Cotabato City were completed in 2018.

## 7. Deposits

As required in lease agreements, CFSI makes deposits and advance rentals for the use of the office premises in Metro Manila, Iligan City, Marawi City, Zamboanga City and Kidapawan City. CFSI was also required to post a deposit for the installation and use of an electric transformer and meter for the Center for Excellence in Humanitarian Service in Cotabato City.

Deposits as of December 31, 2019 and 2018 amounting to ₱1,027,454 and ₱1,318,571, respectively, will be returned to CFSI after the completion of the lease agreements.

## 8. Computer Software

Computer software includes desktop applications (i.e. word processing, spreadsheets, browsing, etc.), additional user licenses for the accounting software and remote data storage and backup.

	2019	2018
Cost:		
Balance at beginning and end of year	<b>₱1,078,799</b>	₱1,078,799
Accumulated amortization:		
Balance at beginning of year	<b>1,055,220</b>	1,027,088
Amortization	<b>19,532</b>	28,132
Balance at end of year	<b>1,074,752</b>	1,055,220
Net book value	<b>₱4,047</b>	₱23,579

## 9. Accounts Payable and Accrued Expenses

	2019	2018
Accounts payable	<b>₱6,918,776</b>	₱6,507,646
Accrued expenses:		
Payable to various suppliers	<b>7,894,770</b>	27,284,684
Professional, technical and other consultancy fees	<b>2,080,120</b>	1,136,804
Management fee	<b>696,949</b>	794,503
Others	<b>1,676,657</b>	1,452,704
Statutory payable	<b>685,302</b>	417,576
	<b>₱19,952,574</b>	₱37,593,917

Accounts payable and accrued expenses include liabilities to various suppliers and contractors of several projects for expenses such as purchase of non-food items, various materials and supplies for the use of communities, and availing services of vendors for vehicle rent and utilities.

Other accrued expenses and statutory payable are normally settled within the next financial year.

## 10. Related Party Transactions

Salaries and employee benefits of the members of the Senior Management Team were ₱7,130,003 and ₱6,746,994 for the years ended December 31, 2019 and 2018, respectively.

---

## 11. Fund Balances

The fund balance is the accumulated excess of revenues and expenses as follows:

	2019	2018
Headquarters Programme	<b>₱53,779,915</b>	₱60,179,685
Philippine Programme	<b>33,775,069</b>	111,336,024
Myanmar Programme	<b>28,609,215</b>	5,933,769
Viet Nam Programme	<b>2,760,527</b>	4,530,416
	<b>₱118,924,726</b>	₱181,979,894

---

---

## 12. Project Expenses

### Direct Project Expenses

Direct project expenses refer to the costs of projects carried out by CFSI in accordance with its mission: protecting and promoting the human security of uprooted people and the agreements between CFSI and the respective donor partners. The beneficiaries are populations and organizations served by CFSI. Expenses under this category, which are usually restricted by the respective project agreements, are directly correlated with the corresponding grants obtained by CFSI for its services and activities.

Community services benefited refugees in various parts of the Philippines, conflict-affected communities in Mindanao, disaster survivors in Mindanao, vulnerable children and youth in Pasay City, crisis-affected communities and vulnerable individuals in northern Rakhine State, Myanmar.

In addition, community groups, organizations, and institutions benefit from capacity-building activities carried out by CFSI, such as those participating in SWEP Viet Nam.

Community service and capacity building expenses amounted to ₱170,840,850 and ₱132,784,732 in 2019 and 2018, respectively. Trainings and workshops for crisis-affected populations amounted to ₱19,370,011 and ₱17,268,320 in 2019 and 2018, respectively. The aggregate amount for these expenses that directly benefit the beneficiaries amounted to ₱190,210,861 and ₱150,053,052 in 2019 and 2018, respectively.

Provision for retirement refers to expenses charged to projects for the retirement benefits, in compliance with Philippine law, of project personnel. This provision from projects is deposited in each project staff member's account in the CFSI Retirement Fund. The funds are maintained in a restricted bank account dedicated to the Retirement Benefit Plan of CFSI (see Note 15).

### Management, Supervision and Support Expenses

Management, supervision and support expenses amounting to ₱23,868,074 and ₱19,125,958 in 2019 and 2018, respectively, represent costs related to the overall supervision, monitoring and evaluation of specific projects which are directly associated with the grants received during the period.

### Development Expenses

Development expenses amounting to ₱5,796,534 and ₱5,614,905 in 2019 and 2018, respectively, refer to costs associated with advancing the CFSI agenda and generating new service opportunities for CFSI including marketing, networking, assessment, planning, proposal preparation, negotiations, public information, and advocacy.

Some of these costs are expected to be recovered through management fees, reimbursements, and small grants.

### Counterpart Expenses

Counterpart expenses amounting to ₱2,505,736 and ₱2,543,106 in 2019 and 2018, respectively, refer to the complementary contributions from, or mobilized by CFSI for specific projects, often, but not always, as a condition for accessing funds from funding agencies/partners for broader effort.

---

## 13. Country Programme Support Expenses

Country programme support expenses refer to subsidies provided by the Headquarters Fund to programmes in the countries in which CFSI operates, primarily but not exclusively the Philippines. Country programmes usually include a variety of projects and/or operations carried out over a long period of time for which additional support is required. The funds for these subsidies come from restricted grants secured by Headquarters in support of country programmes, operational support from contracts entered into by CFSI and unrestricted contributions to CFSI from the private sector.

Country programme support expenses amounted to ₱883,397 and ₱742,083 in 2019 and 2018, respectively.

---

## 14. General and Administrative Expenses

General and administrative expenses refer to costs incurred for the operations of CFSI Headquarters in Metro Manila, Philippines. This account consists of:

	2019	2018
Salaries, employees' welfare and benefits	<b>₱1,165,528</b>	₱1,951,772
Trainings and workshop expenses	<b>742,685</b>	940,665
Rent and utilities (Note 17)	<b>689,050</b>	874,387
Communication expense	<b>572,437</b>	437,453
Transportation and travel	<b>453,991</b>	566,013
Auditor's fee	<b>449,776</b>	458,304
Materials and office supplies	<b>447,203</b>	439,289
Taxes and licenses (Note 19)	<b>336,539</b>	62,301
Board and committee meetings	<b>257,205</b>	239,586
Repairs and maintenance	<b>128,021</b>	183,207
Insurance	<b>24,416</b>	16,883
Professional, technical and other fees	<b>15,000</b>	67,320
	<b>₱5,281,851</b>	₱6,237,180

Taxes and licenses include property taxes for CFSI Headquarters that cover the years 2019 and 2018. Real property taxes for 2018 were paid in advance by the seller of the condominium units in the Gam Parklane Building, and was subsequently billed to CFSI in 2019.

---

## 15. Retirement Benefits

CFSI has an unfunded, noncontributory, defined benefit retirement plan covering all qualified employees.

The following tables summarize the components of net retirement benefits expense recognized in the statement of revenues and expenses and retirement liability recognized in the statement of assets, liabilities and fund balances, which were based on the latest actuarial valuation as at December 31, 2019 and 2018.

	2019	2018
Retirement expense:		
Net actuarial loss (gain)	<b>₱3,230,723</b>	(₱1,493,961)
Current service cost	<b>1,195,830</b>	1,075,206
Interest cost on benefit obligation	<b>614,858</b>	489,207
	<b>₱5,041,411</b>	<b>₱70,452</b>

Movements in the retirement liability in 2019 and 2018 are as follows:

	2019	2018
Balance at beginning of year	<b>₱8,090,239</b>	₱8,019,787
Retirement expense	<b>5,041,411</b>	70,452
Balance at end of year	<b>₱13,131,650</b>	<b>₱8,090,239</b>

In preparation for the formal establishment of the Retirement Benefit Plan, CFSI has maintained a fund to cover its retirement liability in a restricted high-yielding interest-earning bank account with balances of ₱12,964,842 and ₱10,045,153 as at December 31, 2019 and 2018, respectively.

The principal assumptions used in determining retirement liability as at December 31, 2019 and 2018 are as follows:

	2019	2018
Discount rate	<b>5.20%</b>	7.60%
Salary increase rate	<b>5.00%</b>	5.00%

Shown below is the maturity analysis of the undiscounted benefit payments as at December 31, 2019 and 2018:

	2019	2018
Less than one year	<b>₱104,288</b>	₱71,865
More than one to five years	<b>2,054,070</b>	1,885,786
More than five to 10 years	<b>8,872,127</b>	9,564,167
More than 10 to 15 years	<b>10,514,524</b>	13,078,512
More than 15 to 20 years	<b>26,488,905</b>	23,715,739
More than 20 years	<b>54,781,447</b>	46,156,494

The weighted average duration of the retirement liability is 18.1 years and 16.6 years as at December 31, 2019 and 2018, respectively.

## 16. Contributed Services

A variety of individuals, communities, organizations/corporations, networks, universities, and local governments made significant contributions in-kind to support and complement the efforts of CFSI. These include services, facilities, equipment, materials and supplies. Management estimated the total value of these contributions, which were not reflected in the financial statements, to be ₱4,759,696 and ₱12,788,086 in 2019 and 2018, respectively.

Some of the major contributed services follow:

- a. CFSI Board and Staff - The Members of the BOT and Staff, plus many Volunteers, made contributions of time, services, and personal resources far above and beyond reasonable expectations. The BOT paid directly their own cost of certain activities and meetings as well as both the domestic and international airfare costs between their residences and CFSI field sites. Staff Members covered certain field-related expenses out of their own funds and contributed many hours of overtime without expectation of additional compensation. Volunteers, including professionals and interns from various parts of the world, provided their services at no cost, but great benefit to CFSI.
- b. Communities - The organizing and mobilization efforts of CFSI resulted in voluntary contributions of services, facilities, and other valuable resources by communities affected by persecution, violence, armed conflict, disaster, and other exceptionally difficult circumstances. For example, in Mindanao, Philippines, the assistance provided by hundreds of Community Volunteers made it possible for CFSI to provide relief goods, in a timely manner, to large numbers of people in need of protection and humanitarian assistance.

In support of the PAI in Pasay City, volunteers who were trained as Youth Peer Counsellors and Family Support Workers helped mobilize and recruit participants to the community education and outreach, assisted clients to health centers for health services, facilitated discussions on ASRH topics, conducted home visits to adolescents and conducted peer-to-peer counselling.

Community contributions were not limited to the Philippines. In Myanmar, local landowners made space available for structures that benefitted the entire community. Many Community Volunteers helped build these structures and/or provided other services at no cost to CFSI. For example, in ECDP, community members volunteered to repair houses or structures used for learning and psychosocial activities. Parents also volunteered in activities, including preparing food for children, fetching water, and helping transport play materials. In SRHP, women offered their houses as venue for information-sharing on SRH and GBV key messages. Community-based Peer Educators facilitated peer-to-peer sessions on SRH-GBV for free. Some individuals offered to pay medical cost of SRH clients brought to hospital for emergency treatment.

- c. Organizations/Corporations - Google, Inc. hosts CFSI's email and other web-based platforms on Google Apps for Business. The World Bank helped strengthen CFSI's technical capacities, as did UNHCR, UNICEF, UNDP, OCHA, DFAT and several other organizations, including BRAC and Handicap International. Partner organizations in Viet Nam provided facilities and services, as did UNHCR in Myanmar.
- d. Networks - CFSI participates in a variety of international, regional, national, and local networks with the aims of advancing the CFSI agenda, enhancing internal capacities, achieving greater impact, and generating new service opportunities. CFSI invests some of its own limited funds in these activities in accordance with its roles and responsibilities in the humanitarian arena. In addition, significant in-kind support is provided by partners of CFSI, such as airfare and

accommodation for participation in meetings and conferences in various parts of the world. This invaluable assistance enables CFSI to have a voice in many important gatherings, processes, and events. Primary network partners for 2019 and 2018 included:

- International Council of Voluntary Agencies (ICVA)
  - Core Humanitarian Standards (CHS) Alliance
  - Active Learning Network for Accountability and Performance in Humanitarian Action (ALNAP)
  - Asia Pacific Refugee Rights Network (APRRN)
  - Asian Disaster Reduction and Response Network (ADRRN)
  - Association of Foundations in the Philippines (AF)
- e. Academic Institutions - CFSI has entered into cooperation with various universities and colleges in the Philippines and abroad during the 38-year history of CFSI. The aims include helping CFSI remain a learning organization, creating opportunities for CFSI to contribute to the knowledge base, providing internships at CFSI, mobilizing additional resources, and generating new service opportunities. Some academic institutions play even larger roles. CFSI benefited from the services of interns and volunteers from many of these academic institutions during 2019 and 2018 including, but not limited to, the following:

*Philippines*

- Pamantasan ng Lungsod ng Maynila - Metro Manila
- University of the Philippines - Metro Manila
- Mindanao State University - Maguindanao
- University of Mindanao - North Cotabato
- Coland Systems Technology - Cotabato City
- Notre Dame University - Cotabato City
- Western Mindanao State University - Zamboanga City

*USA*

- Brigham Young University – Hawaii
- University of Vermont
- Dartmouth College

---

## 17. Lease Commitment

CFSI has existing operating lease agreements for its office spaces. These leases are renewed on an annual basis. Rental expenses, presented under “Rent and utilities” as part of Project expenses and “General and administrative expenses”, amounted to ₱4,455,981 and ₱4,913,961 in 2019 and 2018, respectively. This includes rent for offices for its Headquarters in Metro Manila (see Note 14) and offices in Pasay City, Iligan City, Marawi City, Zamboanga City and Kidapawan City.

---

## 18. Events after the Reporting Period

Since January 2020 as the COVID-19 outbreak was starting in Asia, CFSI started monitoring and preparing for contingencies. Through February, this included increasing internal awareness of the disease, installation of disease prevention measures in all offices, and cancelled international missions.

In a move to contain the COVID-19 outbreak, on March 13, 2020, the Office of the President of the Philippines issued a Memorandum directive to impose stringent social distancing measures in the National Capital Region effective March 15, 2020. On March 16, 2020, Presidential Proclamation No. 929 was issued, declaring a State of Calamity throughout the Philippines for a period of six (6) months and imposed an enhanced community quarantine throughout the island of Luzon until April 12, 2020, and further extended until May 15, 2020. These measures have caused disruptions to businesses and economic activities, and its impact on businesses continue to evolve.

Since the declaration, CFSI has worked with partners to rapidly obtain information from affected populations, while continuing to help save lives and prevent suffering that could increase the risk of loss of life or greater disability. CFSI also acted on the evolving quarantines and restrictions, including articulation of the interim organizational priorities, the move to skeletal crews and work-from-home arrangements, and establishing virtual meeting routines, among others.

The Organization considers the events surrounding the outbreak as non-adjusting subsequent events, which do not impact its financial position and performance as of and for the year ended December 31, 2019. Further, Management and the BOT have assessed that CFSI operations might not be adversely affected. CFSI continues to deliver on a host of its commitments and to report in accordance with established agreements. In addition, CFSI has worked with partners to enhance response planning and to integrate COVID-19 prevention activities in all programmes and projects. This has led to the preparation of proposals for expanded activity in the Philippines as well as in Myanmar.

## 19. Supplementary Information Required under Revenue Regulations (RR) 15-2010

On December 28, 2010, RR No. 15-2010 became effective and amended certain provisions of RR No. 21-2002 prescribing the manner of compliance with any documentary and/or procedural requirements in connection with the preparation and submission of financial statements and income tax returns. Section 2 of RR No. 21-2002 was further amended to include in the notes to financial statements information on taxes, duties and license fees paid or accrued during the year in addition to what is mandated by PFRS for SMEs.

CFSI reported and/or paid the following types of taxes in 2019:

### (a) Value-added Tax (VAT)

CFSI is a non-VAT registered entity not engaged in the sale of goods or services. All of its revenues are coming from grants, donations, support and contributions which were not charged with output VAT. The input tax incurred in all of its costs and expenses were charged to profit or loss.

(b) Other Taxes and Licenses

All other taxes, local and national, including real estate taxes, license and permit fees lodged under the “Taxes and licenses” account under the “General and administrative expenses” account in the statement of revenues and expenses includes the following for the year ended December 31, 2019.

	Amount
Local:	
Real Property Tax	₱278,418
Mayor’s permit	34,617
Fire inspection fee	3,064
Community tax certificate	2,513
Barangay permit	1,300
National:	
Land Transportation Office registration	10,698
SEC certification	5,429
BIR annual registration	500
	₱336,539

(c) The amount of withholding taxes paid and accrued for the year ended December 31, 2019 amounted to:

Expanded withholding taxes	₱5,582,748
Withholding tax on compensation	3,038,493
Final withholding tax	177,856

(d) CFSI has no tax assessments and cases pending before the BIR as at December 31, 2019. Likewise, CFSI has no other pending tax cases outside the administration of the BIR as at December 31, 2019.
